

Headteacher: Rachel Crowther

Creative Development

The children will be encouraged to access the creative area independently to develop ideas from their own imagination.

They will experience a range of activities linked to our topics of Owls, Pirates and Seaside.

We will enjoy lots of singing and also do Musical Gems once a week.

Children will be able to use their imagination in our Seaside role play.

Physical Development

Fine motor: The children will continue be taught the correct pencil grip and to use scissors correctly and accurately.

Gross motor: We will continue to use the balance bikes and the parachute; we will also have lots of opportunities to use the balance steps to improve our core stability.

Self Care: The children will be encouraged to put on their own shoes after PE sessions.

Personal, Social and Emotional Development

The children will continue to access resources independently and to tidy up the unit after each session.

Our focus will be to continue to spend lots of time encouraging the children to play with others, learning important key skills like sharing and being kind to each other.

Nursery - Term 6 (2017) - Owls / Pirates / Seaside

Literacy/ Communication and Language

We are going to be sharing lots of stories about our topics.

We will have lots of circle time sessions for children to continue to gain confidence when talking in a group.

We will be mark making using lots of different media, especially chalk outside as the weather is getting warmer.

Numeracy

The children will be doing lots of number rhymes and songs.

We will practice recognising and ordering the numbers to 5/10. We will also match numbers to sets of objects

We will look at 2d shapes and talk about their properties. We will also be looking at size and ordering objects according to their size.

Knowledge and Understanding of the World

The children will continue to visit the forest at least once a week to experience the outdoor environment. We will be listening for sounds and having lots of stories and finding natural objects.

We will look at where Owls live and what they eat. We will also explore the seaside and animals that live there.
