Buildings

After more than **4 years** of fences, bull dozers and drilling, all building work is now complete!! There is still some landscaping to be completed at the front of the school and we are looking forward to seeing the back of school begin to blossom as we move into the spring months.

Thanks you for your patience and understanding with all the moving and setting up of classrooms etc.

To ensure school looks fantastic please do not let your children walk/ run on the plants especially outside the classrooms and along the side of pathways in and out of school.
