RECEPTION CHILDREN CURRICULUM PLAN TERM 1 2018

The Stories of Julia Donaldson

We plan most of our learning around books. This term our main texts will be:

“The Gruffalo”

“The Gruffalo’s Child”

“Superworm”

“Smartest Giant in Town”

Literacy/Communication and Language

The children will be learning to recognise and write letter sounds – This is a vital first step in learning to read and write. We will also be working on blending sounds to read and segmenting sounds to write. Please ask us if you are unsure about what this is. Please check your child’s next steps to find out exactly where they are with their learning. Reading every day is really important to help children achieve their Early Learning Goal and we appreciate your support with this.

Numeracy

We are going to be working on:

Counting sets of objects accurately and recognising and ordering numbers

In Shape Space and Measure we will look at 2D shapes and repeating patterns.

Physical Development

Fine motor skills: We are working on ensuring that all of the children have a comfortable and correct pencil grip. We will teach the children to form the letters of the alphabet correctly.

Gross motor skills: There are many opportunities every day in the garden for children to develop their balancing, running and jumping skills.

In addition to this they will have a weekly PE session which will focus on specific skills.

Personal/Social and Emotional Development

Our focus this term is on making sure that the children are happy, settled and ready to learn. We will spend time making sure all children understand our class and school expectations of behaviour.

Creative Development

This term offers many opportunities for lovely creative activities – we will create collages and enjoy painting and still life drawings.

Understanding the World

The children will learn about the natural world through exploring the garden. We will be learning about woodland animals when we read the Gruffalo story.

We will observe changes that happen at Autumn time.
